A diagram showing a 16x16 grid of small squares. A 4x4 subgrid in the upper-left corner is highlighted in red. The letter 'X' is placed in the center of the grid, between the red subgrid and the rest of the grid.

A grid consisting of 6 rows and 20 columns of empty boxes, intended for students to write their answers to the questions.

The diagram consists of six horizontal bars, each made of small squares. The lengths of the bars are as follows:

- Bar 1 (top): 3 squares
- Bar 2: 15 squares
- Bar 3: 30 squares
- Bar 4: 15 squares
- Bar 5: 15 squares
- Bar 6 (bottom): 20 squares

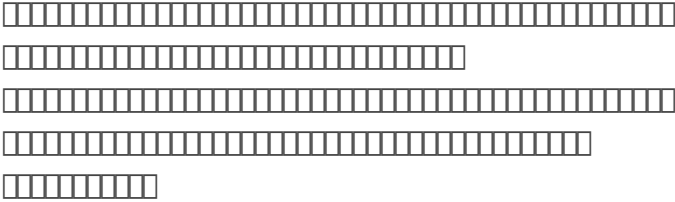

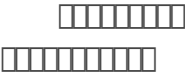

Year	Percentage of Population (15 and over)
1960	~85%
1970	~75%
1980	~65%

A horizontal timeline illustrating the HIV epidemic in the United States from 1980 to 1990. The timeline is marked with vertical lines representing years. Key events are labeled: '1980' at the start, '1982' further along, and '1988' near the end. A bracket labeled 'HIS' (HIV Infection) spans from approximately 1982 to 1988. The timeline is divided into two main periods: '1980s-1990s' at the top and '1980s-1990s' at the bottom. The timeline is divided into two main periods: '1980s-1990s' at the top and '1980s-1990s' at the bottom.

SARS

--	--	--	--	--

A horizontal bar chart illustrating the distribution of SARS cases across 100 countries. The countries are represented by horizontal bars of varying lengths, indicating the number of cases. The bars are arranged in descending order of case count. The label 'SARS' is placed to the right of the bars.

--	--	--	--	--	--	--	--	--

A diagram of a 1000 bp DNA sequence represented by ten horizontal rows of boxes. The first row contains 100 boxes. The second row contains 100 boxes. The third row contains 100 boxes. The fourth row contains 100 boxes, followed by the text "SARS" in the center, followed by 50 boxes. The fifth row contains 100 boxes. The sixth row contains 100 boxes. The seventh row contains 100 boxes. The eighth row contains 100 boxes. The ninth row contains 100 boxes. The tenth row contains 100 boxes.

X  N95

--	--	--	--	--	--

A horizontal bar chart showing the percentage of people who have been infected with SARS-CoV-2 in different countries. The bars are colored: Germany (blue, ~33%), South Korea (orange, ~15%), Italy (green, ~12%), and the United States (red, ~10%). The label 'SARS' is placed to the right of the bars.
